About Me

I'm a CS student who's passionate in learning and building. I believe the best way to learn is by doing, so I love working on small projects that challenge me to explore new concepts and push my coding skills further. Currently, I'm focused on React and front-end development, but my long-term goal is to become a full-stack developer.

TeamWork Experience

Merry Meal - A Charity Organization Website (PHP-Laravel)

Team of 5 | Frontend Developer   2024

A school project of building website for merry meal (helping meal for people with disability and elderly) for assigning volunteers, managing meals and tracking delivery status.
